To whom it may concern;

Imac Facilities Management have carried out a full range of maintenance tasks throughout the facilities of the Western Health and Social Care Trust during the last five years.

The company have displayed high levels of expertise in dealing with challenging tasks when working in a live healthcare environment. The staff have shown high regard for public and patient safety and carry out maintenance activities with consideration for patient comfort.

I would highly recommend Imac Facilities Management as a reliable and professional company who's service is excellent and effective in the Healthcare environment.
